The Huntsville Skating School and Training Academy (HSSTA) is a Municipal Ice Complex (MIC) owned and operated organization providing year round figure skating programs within the facility. As such, the MIC will not collect ice rental fees from the HSSTA. The MIC will supply the ice time required for HSSTA programs, pay HSSTA staff and collect HSSTA revenues. HSSTA programs include, but are not limited to, figure skating classes, camps, competitions, shows and freestyle training ice.

For the purpose of ice rental priority, the HSSTA shall be included with the Preferred Block Ice Renter user group.

The SFM will have sole discretion to make decisions regarding all HSSTA scheduling, operations, personnel and other business matters. In doing so, the Senior Facility Manager (SFM) will consider HSSTA needs unique to the figure skating business along with facility needs and policies. The SFM will appoint a Director of Skating to manage HSSTA daily operations and advise him on best practices regarding the figure skating industry.
